

A PAIR OF SHOES WORTH \$100 EACH.

Chicago, March 31—Mrs. W. G. Hony traded an old pair of shoes to a tinware dealer for some of his wares. She had forgotten that one of the shoes contained \$200, put there for safe keeping. She remembered it an hour later, and with the aid of the police the money was recovered from the wagon of the peddler.

The woman was overjoyed over the recovery.

Ralph Hamlin, aged 5, scalp wounds and cut on right arm.

Charles W. Jacobs, Fl. Wayne, traveling salesman, scalp wounds, right arm and leg bruised.

Charles Traverser, Cleveland, Ohio, two ribs broken, scalp wounds.

Conductor Christian Sauer, Bellevue, Ohio, cut over right eye.

The Engineer's Story.

Engineer Samuel K. Hopner, of Fl. Wayne, said the train was running at the rate of about 45 miles an hour. The engine and baggage car jumped safely over the spot where the smoker left the track. It is supposed that the rails spread or the trucks of the smoker broke down. The car was hurled 50 feet from the track into a ditch about half filled with water. The day coach following was turned cross-wise of the track and the heavy sleeper section following crashed into the side of the day coach, badly wrecking it, and then turned over into the ditch. Most of the injured were in the day coach. Only a few passengers in the sleepers were hurt.

A wreck train, carrying physicians, was hurried to the scene from Fl. Wayne. The injured were placed in the baggage car of the train and hurried to this city. Upon arrival

here the patients were all taken to St. Joseph's Hospital and placed under the care of 25 surgeons.

Charles Jacobs, a traveling salesman who was in the wrecked day coach, says a good many of the injured were hurt in a wild scramble for the door of the car, when women and children were trampled under foot. Trains on the Nickel Plate line last night were being detoured by way of South Whitley over the Pennsylvania lines.

Portsmouth, Ohio, March 31.—The heavy rains for the past 20 hours that have caused the streams in the Ohio Valley to run out of their banks and flood the lowlands were likewise responsible for a deplorable wreck on the Chesapeake and Ohio Railroad, near Quiner, Ky., on the other side of the Ohio River, at about 7 o'clock last night. The train that was wrecked in the C. and O. accommodation. The engineer and fireman are missing. In addition to these one other was fatally injured. The name of the engineer is John Spotts. His home is in Covington, Ky. The name of the fireman is Stephen Ernest, and his home is also in Covington. The fatally injured is Joe Hand, the messenger. Baggage-master Elshford was badly hurt, but will recover.

Into the Creek.

The train went into the creek at a point about a quarter of a mile west of Quincy. The rain and flood had washed away part of the dirt and the rails sank under the weight of the train. The engine, the express car and the baggage car went into the water, but the smokers' car kept to the track.

REDUCTION

Made In Rates Between

This City and Findlay

and Toledo

BY THE WESTERN OHIO THE NEW TARIFF TO GO INTO EFFECT TOMORROW.

The Western Ohio Railway has issued a new passenger schedule for the Lima-Findlay division, which reduces the rates between Bluffton and Lima and Lima and Findlay and Lima and Toledo, making the round trip to Toledo \$2.70, which is considerably less than the steam road rate.

Under the new tariff which goes into effect tomorrow, the one way fare from Bluffton to Lima will be thirty cents and fifty-five cents for the round trip. To Findlay the fare is reduced from seventy-five cents to sixty cents, and the round trip from \$1.20 to \$1.05. To Toledo the one way fare is \$1.50 and the round trip \$2.70. To Postoria ninety cents for the one way and \$1.55 for the round trip. To Tiffin the fare will be \$1.20, and the round trip \$2.10. Rates to local points will be in proportion.

The Western Ohio is doing a splendid business on the Lima-Findlay division since it was opened for traffic, but the rates have been considerably higher than steam road rates, and the management believing the public should have the best possible service for the least possible money, has reduced the rates of which the public will no doubt show their appreciation by increasing to still more, the business of the Electric Way.

The round trip to Toledo is twenty cents cheaper than the steam road rate, and passengers are saved street car fare at each terminal, the electric road landing passengers in the squares as the hotels and central business district.

Chris. Ashton, is very sick at the latter's home on south Metcalf street. He is in his 76th year.

Ford Cole is confined to his home on west Eureka street with lumbago.

GOMPERS

TURNS DOWN OFFER OF GOV. GOODING TO INVESTIGATE THE CONDITIONS.

GROWING OUT OF ASSASSINATION OF GOV. STEUBENBERG.

Washington, March 31.—President Gompers of the American Federation of Labor, has declined the invitation extended to him and to President Mitchell, of the United Mine Workers of America, by Gov. Gooding, of Idaho, to appoint a committee to meet at Pocatello, April 12, to investigate the conditions growing out of the charges of conspiracy between state officials and mine owners to punish innocent men for the assassination of former governor Steubenber. Gov. Gooding referred to the confessions of Orchard and Adams.

President Gompers last night telegraphed Gov. Gooding as follows: "Surely if Orchard and Adams cannot give details of confession, what benefit can result from Mr. Mitchell's and my hearing their general statement. In any event such statements would only be ex-parte without cross examination and without being confronted by the accused men. The justification of the general suspicion lies in their unlawful extradition and brutal kidnapping from their homes and state."

Gov. Gooding's telegram, which was dated last Tuesday, had just reached Mr. Gompers. The governor's dispatch was as follows:

"Greatest agitation caused by the arrest of Moyer, Haywood and Pettibone, of the Western Federation of Miners, among labor unions of the United States and charges of conspiracy between state officials and mine owners of west to punish innocent men for assassination of Governor Steubenber. I have induced me to invite you and John Mitchell to appoint a committee to investigate the conditions here. Will offer such committee opportunities to see Orchard or Adams, hear from their lips statements they have made. Confession implicating accused men in numerous mines that no clemency has been offered. You understand, of course, details of confession cannot be told to any committee or made public until told in trial of case. I do this because I believe in fairness of membership of labor organization. I call your attention to my statement in Associated Press dispatch of March 23. Will you do Idaho the justice and me the honor of appointing such committee to meet here April 12?"

FOUR

Men Jumped From

a Car of Merchandise

WHICH HAD BEEN BROKEN INTO ON THE ERIE RAILROAD AND WERE ARRESTED.

Detective Fenstermaker last night arrested Charles Sweet, Harry McNally, Arthur Laback and Harry Brooker. These four young men were in the act of jumping from a car of merchandise attached to a through freight on the Erie railroad, when the officer happened along. The car had been broken open and the men will be held until an investigation can be made. They were arraigned this morning before Mayor Robb and were each sentenced to ten days in jail.

PATTON'S CONDITION SUCH THAT HE MAY LIVE FOR SEVERAL WEEKS.

OR THAT HIS DEATH MAY OCCUR AT ALMOST ANY MOMENT.

IS SUFFERING FROM BRIGHT'S DISEASE WITH OTHER COMPLICATIONS.

NO ONE BUT DOCTORS ADMITTED TO SICK ROOM.

Columbus, March 31.—Governor Patton's condition is such that he may live for several weeks, or his death may occur at any minute. Bulletin, intended to convey the impression that he is recovering, without actually saying that such is the fact, are issued several times each day by the physicians in charge of the sick man, but sufficient information has been obtained from reliable sources to convince those who have watched the case that his condition is desperate, with but scanty hope of a favorable conclusion. Much that is misleading has been, because of the policy of mystery and secrecy maintained by the family and the physicians, published to the world, but the fact, as learned from a source that is absolutely reliable, is that Governor Patton is suffering from Bright's disease, with other complications.

But for heroic treatment, administered by Dr. Oliver P. Holt, of Cincinnati, the governor must have died during the relapses of last Friday and Sunday, when he was on the verge of death from uræmic poisoning.

The family of the governor does not appear to realize the claim the public has upon the man elected as chief executive of the state, but, living as they have, as simple country people, with all the prejudices of that class, they resent, as an intrusion, the efforts to get the facts in his case.

The attitude of the attending physicians in refusing to give a name to the governor's disease, or to give any diagnosis of the case, renders their bulletins valueless to any one who has studied the situation, and has given rise to the belief that something of a serious nature is being concealed.

The opinions expressed by newspaper men and by other physicians is that something must exist, in either the mental or the physical condition of the governor, that would endanger some of his official acts as governor or as president of the Union Central Life Insurance company, if made known to the public.

These efforts at concealment are so rigidly carried out that none but the doctors and nurses are admitted to the sick room, the servants not being allowed to go in, even to perform the menial duties.

Rev. LeCours, pastor of the church in Milford, which Governor Patton has attended for years, came to Columbus for the express purpose of seeing his sick friend a few days ago, but he was not allowed to go into the room where he was and even Hon. L. B. Houder, the governor's secretary, is excluded from the room. To make the mystery even more mysterious, the order for this secrecy is said to have emanated from Harvey Garber, chairman of the Democratic state executive committee.

To put the matter briefly, the people of Columbus place no confidence whatever in the bulletins of the physicians, but believe that Gov. Patton may die at any time and that he has never, since the relapse of last Friday, been far from death's door.

This opinion is not the result of any lack of sympathy for the sick executive, as nearly all, without regard to party affiliations, are anxious to see him recover.

Baer Accepts Conference On Strike Tuesday

Coal Baron Telegraphs President John Mitchell That He and His Associates Are Ready for Meeting in New York.

Operators Who Sign Scale Can Run Mines—Convention at Indianapolis Takes Action That May Result in Disruption of Owners and Breaking of the Struggle.

Indianapolis, Ind., March 31.—President Mitchell received a dispatch last night from President Baer. The latter said:

"Although the order to suspend work pending negotiations was most extraordinary, the delay having been yours, we will meet you on the date set by you."

President Mitchell's Speech.

"It is due to you to know what stand I take on this question," he said. "I am less concerned about the operators, who will pay the advance, than I am for the miners, the people of this country and the future of the organization. My own best judgment is that we can win our case, discharge our duty and uphold and preserve our organization by

making agreements with those operators who are willing to grant our wage scale.

"I know how popular it is to appeal to the sentiment of men for a general strike. I know, too, from years of experience, how different it is when passions cool. I know there are men employed by large interests who will not wait ten days to sign our scale.

"What is the duty we owe to those we represent and to the country? I have no hesitancy in advising you to settle with them. But I want it understood that I will not be a party to any contract that does not require the employment of union men and the restoration of the scale of 1903. This applies to every district."

PUSHED

THROUGH ALL PRESSING MEASURES SO LEGISLATURE CAN ADJOURN MONDAY.

STOCKWELL BILL, SANCTIONED BY CLEVELAND'S BOSS MAY OR IS DEFEATED.

SENATE PASSES A BILL LEGALIZING "AMATEUR" BASEBALL PLAYED ON SUNDAY.

Provision Made to Revise State Insurance Laws.

Columbus, O., March 31.—The senate today adopted the house joint resolution by Mr. Yost of Monroe county providing for adjournment on Monday next and both houses are endeavoring to rush through all the pressing measures and a few bills of interest to certain localities for which there is an urgent demand.

The most important legislative action today was the passage by the senate of the Wertz railway rate commission bill and the Conroy house bill fixing the salaries of county prosecutors. The senate also adopted the Stewart house joint resolution providing for the appointment of a commission to investigate and report at the adjourned session in 1908 a codification and revision of the insurance laws of the state.

Johnson's Bill Defeated.

The feature of the day's proceedings was the defeat of the Stockwells railway companies. The Stockwell bill by Mr. Stockwell, of Cuyahoga county, to permit new companies to bid for the renewal of expired franchises for street railway companies. The Stockwell bill was advocated by Mayor Johnson, of Cleveland. The bill received 51 votes, or ten less than a constitutional majority. Thirty-eight votes were recorded against the measure. The advocates of the measure, believing they had enough votes to revive the measure, if not to pass it, moved a reconsideration, but the motion was defeated, only 38 members voting for reconsideration while 48 voted against it. The Cuyahoga county members blamed the Hamilton county delegation for the defeat of the bill. Eight members from Hamilton county either voted for the measure or failed to vote.

Immunity to Witnesses.

The house passed the bill by Mr. Dever, of Scioto county, authorizing courts to grant complete immunity to witnesses in trust investigations

and common law cases, but compelling them to testify and produce books and papers. There was only one vote against the bill and that was cast by Mr. Bassett, of Lucas county, who consumed the greater part of the morning session of the house and a part of the afternoon in speaking against it.

Where Will An "Amateur" End?

The senate passed the bill by Mr. Schmidt, of Cuyahoga county, which permits the playing of amateur baseball on Sundays. There was no debate on the bill, and only five votes were cast against it, Messrs. Atwell, Hynes, Lamb, Patterson and Rose being recorded in the negative. The bill was immediately messaged to the house where it was read the second time under a suspension of the rules and referred to a select committee with privilege to report back at any time. The house will probably vote on the measure before adjournment.

Insurance Laws to be Revised.

The senate adopted the Stewart house joint resolution providing for the appointment of a commission of six members to sit between the sessions of the present general assembly and revise the insurance laws of the state the same to be reported at the adjourned session. Twelve senators voted against the resolution.

The Stewart bill introduced in the house appropriating \$25,000 for the expenses of the commission was reported back and advanced on the calendar so that it will probably be acted upon by the house tomorrow.

Salary Bill Defeated.

The house by a vote of 45 to 44 indefinitely postponed the senate bill by Mr. Schmidt, of Cuyahoga county, fixing the salaries of county surveyors.

Ohio's New Pen.

The house adopted the senate joint resolution by Mr. Ward, of Cuyahoga county, providing for the appointment of six commissioners by the governor to examine into the question of a new site for the Ohio penitentiary.

Franchise Bill.

Senator Vanover re-introduced his public franchise bill in order that it will be ready for business in 1908.

Wertz Bill Passed.

The senate today, by unanimous vote passed the Wertz house bill, creating a state railroad commission and providing for the regulation of freight rates. The bill was amended in some important particulars, but the author will make no objection, and the concurrence of the house in the amendments is expected. The most important amendment was the insertion of an anti-pass provision. This prohibits any state or

COAL SITUATION.

Miners decide that all operators who agree to pay the 1903 scale will be permitted to run their mines. Operators declare there will never be another joint conference, that they will deal only with the miners of their respective states and will ignore the national organization.

President Mitchell will meet anthracite operators' committee in New York Tuesday.

Price of coal is raised \$1 a ton in New York and from 50 to 75 cents a ton in Chicago.

Railroads in the East, as well as in Chicago, are confiscating shipments of coal.

STRIKE LOSSES WILL BE TREMENDOUS.

**"WALD WOLLE"
OR FOREST WOOL.**

In Germany and Sweden the great pine forests furnish not only timber and medicine, but clothing as well. The pine leaves are treated with a solution of soda, and the fiber applied to textile purposes under the name of "Wald Wolle," or forest wool. It has the resemblance to coarse wool and is spun and woven into blankets and garments that are said to be warm and durable. The pine medicates the cloth so perfectly that eruptions and skin diseases are unknown to the wearer.

The medicinal properties of the pines are known throughout the world. Dr. Leach, an eminent authority on diseases of the throat and lungs, established a camp for consumptives in the Pine Woods of Maine and made so many remarkable cures there that his treatment attracted great attention from the medical world. His methods were endorsed by the highest authorities. The treatment was very simple, consisting of open air exercise, deep breathing and nourishing food. Every four hours the patient was given one teaspoonful of a mixture of the Pure Virgin Oil from the White Pine Trees combined with Whisky and Glycerine in the following proportion:

Virgin Oil of Pine (Pure)..... 1/2 oz.
Glycerine..... 2 oz.
Whisky..... 8 oz.

This treatment strengthened the lungs and healed the bronchial tubes. Dr. Leach claims this treatment will break a cold in twenty-four hours and cure any cough that is curable. The ingredients can be secured from any good prescription druggist at a small cost and can be easily mixed in your own home.

Inquiry at the prescription department of one of our leading druggists elicited the information that Virgin Oil of Pine (Pure) is put up only in half-ounce vials for dispensing. Each vial is securely sealed in a round wooden case, with engraved wrapper with the name "Virgin Oil of Pine (Pure)" plainly printed thereon. Only the cheaper oils are sold in bulk, but these produce nausea and never affect the desired results.

SHAWNEE REBEKAHS.

Will meet in Central Building Tuesday evening, April 3rd. Let all Rebekahs bring a box lunch and come prepared to have a social time. No charges. By order of Noble Grand.

**A BREAK IN THE BIG
LEWISTOWN RESERVOIR**

**Near Lake View Last Night But
the Villagers Repaired
the Damage**

**Before It Caused Any Serious Trouble—
The Bank Is Being Patrolled and
No Serious Trouble Is Anticipated.**

Bellefontaine, Ohio, March 31.—The Lewistown Reservoir, a large body of water in Logan county, owned by the state and used as a feeder for the Miami Canal, broke through its banks last night, and although this one break has been temporarily repaired, the high winds prevailing make the situation very serious.

The break was discovered at 6 o'clock, north of Lakeview. The water was pouring through it at a rapid rate. A general alarm was sounded in the little village, and 500 men, women and children turned out and with corn fodder, bags of dirt and brush they stopped the hole after heroic efforts.

The wind was blowing a fearful gale, and the big pond is full of water from the rains and the melting of the ice and snow. Night patrols have been placed on duty every 50 feet along the south bank and a plan of alarm has been arranged so that in case of a dangerous break the people can flee in safety.

Along the bank from Lakeview to Russell's Point, a distance of three miles, the south bank of the reservoir is exposed to the gale, which is driving the water against the bank with such force that it is spilling six feet high for almost the entire distance of three miles. There are many small fishermen's huts along this road which the families have abandoned temporarily.

The State Board of Public Works spent considerable money last summer in strengthening the south banks of the reservoir, and it was believed they would withstand almost any degree of storm and high water.

In Lakeview the streets are submerged 10 inches by the water blown from the reservoir. Should other breaks occur the property damage will be very heavy, as farm lands for a score of miles would be inundated and the crops washed away. The cost to the state would run into the thousands of dollars, for it has been the custom for the state to pay the damage claims of the farmers.

FOR THIRTY HOURS

Rain Has Been Falling, and the Farmers are Fleeing to the Hills.

Petersburg, Ind., March 31.—An incessant rain for 30 hours has caused Patoka and White Rivers to flood the bottoms. Farmers are fleeing for the hills with their families and live stock. White River has been rising since Sunday, and its back water now reaches the foot of Main street here, a distance of two miles, and equally wide on the Knox county side. An embankment of dirt has been thrown up to keep the water from entering the power house of the water works plant.

Thousands of acres of wheat are covered with five feet of water. Rural route carriers were unable to make their trips in the western part of the county on account of small bridges being carried away, gullies washed across the roads and the later covered with water and driftwood.

The east and west forks of the White River, five miles north of here, have been rising an inch an hour. A heavy rain is still falling.

ON HORSEBACK

Families Had to Be Removed From the Flood in Fulton.

Fulton, Ky., March 31.—For the second time within four days the town in this city was flooded by the heavy rains and the streets inundated for nearly five hours. In the negro quarters the families became alarmed and in some cases it became necessary to remove them on horseback from the water which swept through the houses. All trains have been delayed many hours from washouts along the road and very heavy damages to the tracks are reported in this immediate vicinity. It is still raining here.

OHIO RIVER

Doing Its Annual Spring Stunt, and a Flood Is Feared.

Marysville, Ky., March 31.—A heavy rain for 36 hours has caused all the creeks on both sides of the river in this vicinity to boom. It is raining steadily tonight, and the river is on the jump. A big river, and possibly a flood, is predicted by river men. The river has risen 9 feet since last night.

Tunneling the Snow.

Durango, Colo., March 31.—The Denver and Rio Grande Railroad officials, unable to remove the huge avalanches which obstruct the track between here and Silverton, have set a force of men to work digging tunnels through all the larger slides. They expect the tunnels will last until late in the summer.

**GAS WELL
FIRE IS OUT**

BLAZE IN KANSAS HAS BEEN GOING FOR OVER A MONTH.

Independence, Kan., March 31.—The Kansas Natural Gas company's big gas well below Caney, which was struck by lightning February 23, was extinguished yesterday afternoon. The second hood, which two

men were working on, was blown off by the gas, and the only way to stop the flow of gas in the top of the hood. More than 100 yards of canvas ducting was sewed into the hood, and first a layer of canvas and then a layer of a rubber sheet was put around the hood until there were tons of canvas banded up. Then the hood was attached with big chains. A big spool was attached to the long arm used to reach the valve, and winding this spool wire was wound. A given signal men took the end of this wire and ran, turning the valve quickly, and the great fire was out.

**ACCUSED OF
THEFT OF
\$34,000**

New York, March 31.—Joseph P. Tinney, more teller at the National Bank of North America, was arrested and arranged in police court today on a charge of stealing \$34,000. The alleged penetration, it is charged in the affidavit presented to the court, have been going on for 25 years.

Officials of the bank appeared in court to press the complaint.

"Doan's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."

SEWING DAY.

Enjoyed by Ladies of Mart Armstrong Relief Corps.

Thursday, March 29th, was sewing day for Mart Armstrong W. R. C. No. 9. Every week this day is looked forward to with genuine satisfaction by the members of our Relief Corps, because it is such a reminder of the good times of forty-five and fifty years ago.

As we looked upon the busy scene of flying fingers, glittering needles and the hum of pleasant conversation really the demonstration of the old fashioned "quilting bee" of the long years ago was certainly complete. And such a delightfully social time was enjoyed at the noon hour with forty guests and members present to partake of the grand, good dinner which was arranged and served in honor of past president, Mrs. Almira Ritchey, who is changing her residence from Lima to Marysville, O. While her presence and congeniality will be missed, the sympathetic feeling of fellowship will always remain in W. R. C. No. 9, in proof of faithful and efficient service. Comrades, Louthan, Reynolds, Nye and Beckley were dinner guests.

**TAKES PICTURES BY
SIMPLY THINKING**

DELIVER IN THE OCCULT USES SENSITIZED PLATES WHEN HE "SNAPS" ASTRAL PORTIONS OF THE ANATOMY.

Colorado Springs, Colo., March 30.—A. K. Cutting, a resident of Colorado Springs for many years, some time ago began investigating so-called thought photography, or the transfer of mind pictures to sensitized photographic plates.

His theory was that the brain is a reservoir of a vital or magnetic fluid and that this fluid makes its mark upon a photographic plate and reproduces the object of thought.

Seated in a dark cellar, Cutting held an ordinary 1x5 plate pressed against his forehead and concentrated his mind upon the facial expression of his father, which he remembered only from an old photograph.

The plate remained tied against his forehead for half an hour and was then developed in the usual way. Cutting asserts that the features of his father were easily seen, and that he has made several prints from the negative.

Cutting also exhibits the photograph of the "astral" finger of Joseph, a railroad brakeman, who lost that part of his anatomy several months ago.

His last interesting experiment took place when he called to Charles H. Myles, street commissioner of Colorado City, to subject him to the test.

Myles lost his right arm several years ago, and Cutting claimed that he could produce a likeness of the missing member.

Myles selected a plate from a gross in Cutting's stock room and held the plate in his own hand for 20 minutes.

"When the crucial moment arrived," said Cutting, "it appeared to me as if someone had put off a flashlight, and by that I knew that I had the impression of the arm."

"I pinched the plate into the developer and when I took it out found the likeness of the arm as I had expected."

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

FIRST OF APRIL DON'TS

Don't get fooled.
Don't believe all you see and hear.
Don't kick the hat on the sidewalk.
Don't take too much stock in the
generosity of your friends.
Don't bite on any old chestnuts.
Don't pick up the pocketbook with
a string to it.
Don't forget that April 1st is a
busy day for young America.
Don't forget to read hot air stories
from the bottom up.
Don't fall to verify telephone mes-
sages of strange stories.
Don't fail to remember that mis-
chievous arch of yours is trying to
catch you napping.

The last day of March, but who
cares.

Now come on with those April
showers.

Findlay is just on the map and
that is all.

An advance in the price of oil is
predicted. Good!

The April Fool idiot will be around
tomorrow.

Your new spring bid will not be the
only bid on in Lima tomorrow.

Lima is in the Interstate base ball
league this year. Where's Findlay?

With half decent weather Lima
will boom as she has never boomed
before.

Another month and the "Fan" ses-
sion will be here. The ball season
opens May 3.

there is no indication that "dressed
hair" will in the immediate future be re-
garded as a sign of gentility.

With the reduction of passenger
rates on the Western Ohio tomorrow
a lively rate war is promised as it
is the belief that the steam roads
will meet the reduced rates and go
down one better.

Gossip of the Day

There is considerable comment in
Chicago over the action of the city
electrician, an appointee of Mayor
Duane, advertising for bids for
lighting, extinguishing and repairing
the street lamps. The city took over
this business five years ago when
Mayor Harrison evidently thought
the gas companies were making too
big a profit out of it. The last ap-
propriation made by the city for the
work was \$270,000, considerably
more, it is claimed, than it cost the
contractors. Apparently Mayor
Duane is tired of this kind of munici-
pal operation, and purposes to
turn it over to private contractors.
This, too, on the eve of an election
that is being conducted on a munici-
pal ownership platform.

William Randolph Hearst, who is
in Chicago ostensibly to look after
his political business affairs, but ac-
cording to newspaper reports, to put
a spike in the Bryan campaign which
is assuming threatening proportions.
This, too, on the eve of an election
that is being conducted on a munici-
pal ownership platform.

adds that he has not lost interest in
politics, and will strive to the end
that democracy shall not again be
betrayed, as it was in 1904, into the
hands of corporation politicians.
He feels very confident that the
progressive element is once more in
the saddle and that the reactionaries
have been retired. This state-
ment, it would seem, demands a re-
sponse from Hearst.

HOUSE VOTES TO DOUBLE ITS PAY

ANOTHER BILL MAKING TAX
\$500, INTRODUCED IN THE
SENATE, HAS LITTLE SHOW
OF PASSAGE.

Columbus, O., March 31.—Senator
Hefner presented a protest against
the approval of the journal Wednes-
day and the ruling of the chair both
on that matter and the subsidiary
matter the time the Aikin bill was
up for passage, declaring that if the
properly made demands for the ayes
and nays had been granted the vote
would show that the bill did not
pass. It was signed by Hefner and
thirteen other senators.

Senator West gave notice that
himself and others would at the
proper time present a protest against
the declarations of this protest.
The chair ordered Senator Hefner's
protest to be placed on the journal.
The signers of this protest are Hef-
ner, Schmidt, Huffman, Berry, Bear-
ty, Harper, Hunt, Ward, Espy, Howe,
Gayman and Vanover, Democrats;
and Arbenz and Pollock, Republi-
cans.

The Aikin bill was signed Wed-
nesday afternoon by Lieutenant
Governor Harris and Colonel Carlin
Thompson, speaker of the house of
representatives. It is now ready
for presentation to the governor and
whether Governor Patterson likes or
dislikes it will become a law in ten
days, for neither Mr. Patterson nor
General Harris, who is now in line
of succession will veto it.

After the losing parliamentary
fight made in the senate yesterday
afternoon to expunge a part of the
record with reference to passage of
the Aikin bill, the enemies of the
measure practically acknowledge de-
feat, although they adopted a pe-
culiar policy and influenced five of
the ten members of the joint enrollment
committee to refuse to sign a report
that the bill had been properly en-
rolled.

As the duties of the enrollment
committee are purely clerical, and
as two of the house members, Ad-
ler, of Cincinnati, and Sawicki, of
Cleveland, refused to perform their
duty, Speaker Thompson requested
their resignation from the commit-
tee and would have removed them
had the resignations not been forth-
coming yesterday afternoon. Repre-
sentatives E. H. Irvin, of Preble
county, and Wm. E. Rolf, of Cleve-
land, were appointed to fill the va-
cancies on the committee. They
joined with a majority of the mem-
bers in signing a report that the bill
had been properly enrolled. Sena-
tors Beaty, Hefner and Ward, of
the senate enrollment committee,
persisted in refusing to sign the re-
port, but they were in the minority
and their tactics were unavailing.
Immediately after the report was
submitted the bill was signed by the
lieutenant governor and speaker.

Senator Harper, of Cincinnati,
then introduced a bill to make the
Dow tax \$500. It is possible that
this bill may pass the senate. It is
unlikely that it will pass the house,
but even if it should get through
both branches of the assembly it
will probably be vetoed by the gov-
ernor, in which event the Aikin
\$1,900 tax bill will not be affected
in the least. The best the senate
Democrats can hope to do is to put
the responsibility for a \$500 tax or
a \$1,900 tax up to the governor.

With the reduction of passenger
rates on the Western Ohio tomorrow
a lively rate war is promised as it
is the belief that the steam roads
will meet the reduced rates and go
down one better.

Senator Lamb said yesterday after-
noon that Senator Williams, of Cleve-
land, had told him that he was
glad he had taken Lamb's advice and
voted for the Aikin bill.

"I told Senator Williams," said
Senator Lamb, "that it would be po-
litical suicide for the Democrats to
kill the Aikin bill, and that if they
did so not more than four of the
Democratic senators would be re-
turned by their constituents to serve
a second term."

On motion of Senator West the
Harper bill reducing the Aikin law
tax to \$500 was referred to the com-
mittee on temperance. As that com-
mittee stands 2 to 2 against the bill
it will probably not be reported.

HUNGRY POLITICIANS KILL OIL INSPECTORSHIP BILL.

Columbus, March 30.—The influ-
ence which hungry politicians have
on the legislature has been demon-
strated in the treatment accorded the
White bill moving the two lucra-
tive oil inspectorships into one of
\$2,500 a year.

The bill is dead; it cannot become
a law.

The measure is a house calendar,
but it can hardly reach a vote un-
less placed at the top by the select
committee, and the select committee
has refused to act.

Gov. Patterson recommended the
wiping out of the oil inspectorship
bill. He recommended several
other things which found more favor
with Republicans than Demo-
crats—notably all the temperance
measures.

DELAYS PAYMENT OF PROSECUTOR'S SALARY.

Columbus, March 31.—By a vote
of 57 to 45, the house failed to con-
cur in the senate amendments to the
Crosby prosecuting attorney's salary
bill. A two-thirds vote was requir-
ed.

The bill will now go to a confer-
ence committee.

Gives Away \$2.50 To the Sick.

THE WIDELY KNOWN NEURO-
PATHIC SPECIALIST, FRANKLIN
MILES, M. D., LL. B., WILL
GIVE THIS BOOK AND \$2.50
COURSE OF HIS PERSONAL
TREATMENT POSITIVELY FREE
TO ANY SICK READER.

Sick people whose nerves are weak
or deranged—who have a weak
heart, liver, stomach or kidneys;
who have blues, headache, dizziness
or dullness in the head; who have
nervous dyspepsia, irritability, cold
hands and feet, palpitation or ir-
regular heart beat, who go to sleep
too easily, nervousness, nervous ex-
haustion, sleeplessness, trembling,
wandering pains, backache, irritable
spine, hysteria, mania, insanity—
would do well to accept Dr. Miles'
liberal offer. You may never have
another such chance.

The Doctor's personal Treatment
for this class of diseases is the re-
sult of twenty-five years study and
immense experience and is thor-
oughly scientific and remarkably suc-
cessful. It is so successful that he does
not hesitate to offer a trial free to
any sick one.

Every treatment is specially pre-
pared for each patient and usually
consists of a nerve and brain elixir,
tonic tablets, Pura-Laxa powder
and often a plaster. Years of trial
have demonstrated that this Neuro-
pathic Treatment is much more suc-
cessful than that prescribed by
physicians.

Write him a detailed account of
your case, stating age, weight, how
long sick, and give all other symp-
toms, and he will have prepared for
you by his chemists at his Grand
Dispensary a \$2.50 Complete Special
Treatment absolutely free. He will
also send valuable advice and his
book on "Neurology"—Caring
through the nerves. Address, Dr.
Franklin Miles, Dept. N, 719 to 723

SO MANY PEOPLE SPEAK

In the highest terms of D-Zerta Quick Pudding that you should give it a trial. There are numerous ways of preparing and serving it. For a pudding dessert add one quart of milk to contents of one package, bring to a boil, cool and serve with cream and sugar or any good pudding sauce. For making pies, prepare according to directions on package, add two tablespoonfuls of sugar and put in crust which has been baked. Cover with meringue made with the whites of two eggs. This is enough for two large or three small pies or cake filling, prepare as above and spread between layers to the desired thickness. Five choice flavors—Lemon-Tapioca, Vanilla, Orange-Macaroni, Chocolate and Strawberry. All Grocers, 10 cents. Order today.

BIRTHDAY SURPRISE.

Friday evening a crowd of young people gathered at the home of Miss Mabel Slygh to remind her that the following Sunday was her 15th birthday anniversary. Music and games were the entertainment of the evening. At 11:30 an elegant lunch was served, after which all departed for their respective homes. Miss Mabel received many pretty presents and proved herself a very charming and entertaining hostess. Those present were Misses Kema Smith, Grace Roebuck, Waketa Smith, Ethel Maichin, Grace Millers, Mabel Kaufman, Wanda Connors, Josephine Hull, Hazel McComb, Florence Kaufman, Helen and Mabel Slygh, Messers Ralph Schnabel, Paul Kline, Earl Neuman, Clair Fletcher, Glen Wilkins, Lee Burgoyne, Merrill Bowdell, Von B. SURPRISE PARTY.

A very merry surprise party was that perpetrated upon Miss Ruth LaFoy of south McDonald street, on Wednesday evening. The hours passed too quickly in games and music and a fine lunch was also a feature of the good time. The young folks who enjoyed the event were Grace Hamilton, Goldie Rumsy, Ona Britt, Lulu Bowsher, Velma Tucker, Lotte Kepner, Edna and Doris Dean, Charles Hagerman, Ernest Miller, Walter Cullen, Richard Morrison, Russell Bowsher and Lloyd LaFoy.

Mrs. R. J. Thomson is expected home today after a trip to Porto Rico and Cuba and a short stay in New York City.

X. L. CLUB.

A very pleasant little affair of the week was the entertaining of the X. L. Club by Mrs. Josiah Nichols. A palatable luncheon was served by the hostess assisted by Mrs. Bond, Mrs. Moke and Mrs. Lewis. Quotations were given and a paper was read by Mrs. White. The guests were Mrs. Trout, Mrs. Landick, Mrs. C. C. Williams, Mrs. Bradley and Mrs. Moke.

Mrs. J. J. Grove of west Market street was the victim of a real surprise a few evenings ago by friends and neighbors coming in a body, prepared for a good time. Mrs. Grove, never lacking in hospitality, welcomed her guests, and soon all were busy at cards. After which an appetizing lunch prepared by the ladies, ended a most pleasant evening.

While there is a lull in social affairs owing to the Lenten season, a number of our society people are busy rehearsing for a play to be given by the Lima Dramatic Club. The Working Guild of the Episcopal church have the entertainment in charge.

The play is entitled A Bachelor's Romance, and will be presented the evening of the 18th of April. Numbered in the cast are Mr. Bayley, Mr. Geo. Mohaffy, Mr. Wm. Melville, Mr. Miles Standish, Mr. Leo Walcott, Mr. Geo. Chisholm, Miss Grace Cover, Miss Madge Vall, Miss Nano Golley and Mrs. Kennard Hoyer.

EVANGELINE CLUB.
Mrs. William Runyan of Madison avenue, charmingly entertained the Evangeline Club on Thursday afternoon. After a pleasant time spent with needle work and social chat Mrs. Myrtle Runyan and Vera Waltz rendered some choice piano selections and Miss Ethel Bullock gave some readings. An elegant two course luncheon was served by the hostess assisted by Miss Runyan and Miss Bullock. The guests of the club were Mrs. Grace, Mrs. Settlement, Mrs. John Brubb and Miss Ethel Bullock.

The following clippings from the Toledo Blade concern Lima visitors in Toledo.

Miss Lucile Argue entertained delightfully yesterday afternoon at her home on Lawrence avenue for the pleasure of her guest, Miss Ethel Argue, of Lima. A marshmallow toast was a pleasing feature of the afternoon, and there were some of the guests: Miss Ethel Argue, Miss Marie Morris, Miss Hazel Campbell, Miss Marie Parker, Miss Marguerite Heater, Miss Katherine Gage, Miss Marguerite Thompson of Lima, and Miss Caroline Vander.

Miss Margaret Heater will give an informal afternoon on Friday to fifteen or twenty guests, as a compliment to Miss Lucile Argue's guest, Miss Ethel Argue, of Lima. Saturday afternoon Miss Heater honored Miss Argue with a little theatre party at the Arcade, six young women being her guests. Miss Marie Morris and Miss Hazel Campbell gave an Arcade theatre party of twelve this afternoon in honor of Miss Lucile Argue's guest, Miss Ethel Argue, of Lima.

The Hundred Thousand Dollar Mark Has the

GUARANTEE FUND SOLICITED BY THE LIMA PROGRESSIVE ASSOCIATION.

The Lima Progressive Association has at last accomplished a great achievement—that of raising a guarantee fund of \$100,000 and last night a meeting of the subscribers to this fund was held in the Maroon Club room. At this meeting \$85,000 was represented either in person or by proxy.

The object of the meeting was to select three men to act as attorneys in part, that is to consummate the work of the association and deliver the final papers in all cases where deals are made.

The election resulted in the selection of three very able and careful citizens: E. B. Mitchell, John B. Kerr and F. W. Holmes. They will look well after their important duties and with the aid of the association will no doubt produce many good results before the year has past.

W. J. Orr, who is well known in this city, suffered a serious loss by fire last midnight. His residence at Unionopolis in some way caught fire and was burned to the ground. Mr. Orr now lives in Bellefontaine, and his house was not occupied at the time. The loss is about two thousand dollars.

Seventy-four to 76 degrees gasoline is quoted at 16c an advance of 1/2 c, 56 degrees gasoline 19c, an advance of 1 c, 87 degrees gasoline 20c, an advance of 1 c per gallon; 88 degrees gasoline 21c, an advance of 1 c; varnishmakers' and painters' naphtha 12c, an advance of 1/2 c, and de-oiled stove gasoline, 13c, an advance of 1/4 c per gallon.

CORPORATIONS WIN FIGHT AGAINST PEOPLE IN HOUSE

SOLONS DECLINE TO PASS A BILL WHICH DESTROYED THE PERPETUAL FRANCHISE SYSTEM.

Columbus, March 31.—The people or the corporations. This was the issue which the house had to meet and answer yesterday when the Stockwell bill was called up for passage.

This bill provided that expired street railway franchises could be renewed to order than old companies. The courts have held that under existing statutes expired franchises can be renewed only to the original holders, in effect giving them perpetual franchises in the streets of the cities in Ohio.

The proposition was plainly presented, no one attempted to controvert it. Republicans, recognized by all as among the most honest and ablest members of the house, championed the bill.

IT WENT DOWN TO DEFEAT.

Killing It.
Eighty-nine members responded to the call of their names. Fifty-one voted for it, ten less than the constitutional requirement. Thirty-eight Republicans and Democrats voted against it. A motion to reconsider was made. Motions to adjourn, to recess, all the parliamentary tickets to delay, were resorted to, and then, when there was such confusion that many members were misled, the motion to reconsider was submitted and lost by a vote of 37 to 48. The Stockwell bill is dead beyond the hope of resurrection during this session.

COD LIVER OIL.

It almost makes you sick to think of it, but it isn't nearly as bad as it used to be. The improved method of refining it makes it much easier to take, and when made into Scott's Emulsion almost every one can take it. Most children like it and all children that are not robust are benefited by it. When the doctor says "Take cod liver oil," he generally means Scott's Emulsion; ask him if he doesn't. They know it is more easily digested and better than the plain oil.

ELOPING WIFE CAPTURED

BUT SHE SHOT HERSELF RATHER THAN FACE HER HUSBAND.

Dublin, Ga., March 31.—Struggling to prevent being taken back to her husband from whom she had eloped, Mrs. Lora Crabb, a pretty young woman, was shot to death Thursday in a passenger coach of a Wrightsville & Tennille train. Mrs. Crabb eloped Wednesday, and Sheriff Walton, at her husband's request, pursued the woman and her companion. The sheriff found Mrs. Crabb alone, and put her on the train to take her back to her husband. Before the train started Mrs. Crabb screamed: "I will never face him." Then she began to struggle with the sheriff in an effort to escape. She got hold of the sheriff's pistol, and fired it as the officer was trying to

"A Romance of Coon Hollow" has
held the road with unvarying success
over eleven years, since its original
bringing out at the 14th Street The-
atre, New York, in August, 1894.
What better can be said of a play
than this? It has never been cheap-
ened, never been allowed to fall be-
low the high standard of its original
production, either in the grade of
the company, the introduced singers
and dancers, or the beautiful scenery,
which is all carried by the company,
no house scenery whatever being
used. Everything connected with
Coon Hollow is big except the prices.
"A Romance of Coon Hollow" is an-
nounced.

these good wholesome plays, which
will live for years and endure their-
selves to the public by repetition
whoever possible return dates were in-
creased and receipts were increased
in every instance. The public is
not slow to appreciate a meritorious
theatrical attraction, and are willing
to bestow their patronage upon one
which has proven worthy of it, not
are they clamoring for the noisy or
risky plays, as some managers ap-
pear to think, for the enthusiasm
which greets the return of "Sweet
Clover" in every city proves beyond
a doubt that pure, sweet and whole-
some plays, when presented with a
capable cast, are always appreciated.
"Sweet Clover" will be the attraction
at Faurot Opera House next Wednes-
day, April 4.

"The Wizard of Oz" with Mont-
gomery and Stone, and the famous
original company is sure of an ex-
traordinary house next Thursday evening,

MACLYN ARBUCKLE IN "THE COUNTY CHAIRMAN"

Laughter is in vogue wherever
Maclyn Arbuckle in "The County
Chairman" is presented and George
Ade has caught and pictured with a
facile pen the follies of a country
community and shed the gentle light
of his nature upon them. It is in
his "types" that Ade is seen to ad-
vantage and "The County Chairman"
which will be presented at the Faurot
Opera House next Tuesday evening,
abounds with the characters from
every life and those who know from
association are vividly drawn with
just enough caricature to make them
stand out boldly from the canvas.
Here we have the bluff rugged per-
sonality of Jim Hackler, the county
chairman, admirably played by Mac-
lyn Arbuckle, as an easy going, open
hearted spender, but one whose ev-
ery energy is aroused when upon a
set purpose. The sort of a man who
would stay up all night to defeat an
enemy. Jim Hackler, is a curious
composite of easy good heartedness,
sentiment and fierce hate. His fre-
quent allusions to what "Bill Says"
(referring to the immortal bard) are
extremely amusing.
The village squire do well, Sasfras
Livingston, a "gentleman of color"
with a large family and a strong
disinclination for work, is the cause
of considerable merriment. He is
depicted with strongly marked ab-
surdities and while the character
there are just such details in every
"village community. Then there is the
fat, slothful husband of the energetic
boarding house keeper, the elderly
beast of back and strong of hate;
the editor of the country paper, un-
scrupulous, tall, lean and fierce; the
smart scamp youth of the grocery
store; Uncle Eck, the town Motusa-
sch, who "remembers" distinctly
events that happened before his
birth; and the two lovers, Lucy and
Wheeler, who pervade the comedy
with the telling of the old saws.
"The County Chairman" a stage pro-
duction unequalled in recent years.
Maclyn Arbuckle is the same one
which figured in the long run at Wal-
lack's in New York and other Amer-
ican cities.

the extravaganza will create inces-
sant mirth. "The Wizard of Oz" is
farical and extravagant in the ex-
treme, but it affords abundant scope
for excellent work on the part of the
clover company which has been en-
listed in its representation.
There can be no doubt of the mer-
itment that "The Wizard of Oz" af-
fords and the popular acceptance of
it everywhere. The pleasure ex-
cited by this exhilarating show, with
its hearty fun, its glittering pagean-
try, its legion of pretty girls and its
jubilant music, is indubitable. No
one who loves spectacular extrava-
ganza of the wholesome kind ought
to miss the opportunity which the
coming visit of "The Wizard" af-
fords.
The Scarecrow of Fred Stone is a
never-failing source of fun. Such
an absolute command has he of all
his muscles and joints that it seems
as if he could disjoin almost his
entire body. The Tin Woodman of
Dave Montgomery is equally mirth-
provoking, and the best number in
the score, "When You Love, Love,
Love," is sung with a mock senti-
mentality that is irresistible. There
is also little Dorothy, charming be-
cause of her apparent artlessness and
ingenuousness; the "lady lunatic,"
who is one of the artistic hits of the
play; the Fairy Queen, who wears
her diaphanous garments with a
modesty that is rare in spectacles
where feminine charm predominates;
and the gallant and picturesque Peck
Prince. Nearly three score pretty
girls are with "The Wizard of Oz"
this season.

Among the many specialty artists
with Billy Korsands' Minstrel
stretches at the Faurot Opera House
next Saturday, Matinee and night, is
the Famous Alabama Quartette, who
are well known to our local theater-
goers as one of the best comedy quar-
tettes that are before the American
public today. This season they are
introducing in the theatrical world
their new, original and up-to-date
afterpiece, entitled "Nancy's Birth-
day." Kid Langford, who has caused
many of our theater-goers to forget
their troubles in seasons past, is the
originator, assisted by Ed. Burton,
Oscar Cameron and Dave Smith.
Reports from different cities where
this attraction has been playing this
season, the press cannot praise this
act too much, they stating that it is
one of the most laughable comedies
that has been presented for seasons.

At the close of his career David
Braggins, author and star of "His
Last Dollar," was with a legitimate
actor who was forced to play in very
small towns. He would excuse this
to his company by assuring them
that they were a great deal of cul-
ture in all of the places he visited.
One night the company reached a
small town smaller than usual. Mr.
Braggins remarked to the star:
"Rather a small place Mr. —"
"Yes," was the old reply, "but
there is a great deal of culture here."
"What kind of culture?"
"Agriculture."

Mr. Otis D. Thayer, who is to ap-
pear here at Faurot Opera House
next Wednesday evening, tells an
interesting little yarn of an experi-
ence he had while "making a jump"
on one of the eastern railroads last
season. A gentleman, evidently of
French extraction, occupied a seat
near him in the chair car. "These
language of yours it was wonderful,"
said the man in question, "so I'm
sorry many things you say, I meet
a friend she has a school for the
young girls and she tells me she is
going to break down her school so
very much earlier than last year, am I
right there?"
"Break up would be better," sug-
gested Mr. Thayer. "Why," she
she break up her school," asked the
actor.

"Because her health is broken in
to," responded the man.
"Broken down."
"Oh yes, and indeed since fever
has broken up in town."
"Broken out."
"She thinks she will leave her
house for a time."
"Will she leave it alone?"
"No, she is afraid it will be, how
do you say that?"
"Broken into."
"Certainly, it is what I mean to
say. Her son, too, was to be mar-
ried soon but the engagement has
been broken—broken."
"Broken off."
"Yes, broken off. She is very
sorry about it, her only son broke
the news to her last week. Am I
right? I am so anxious to speak
English well."
"He merely broke the news to her,
no proposition this time."
"It is hard to understand that
young man, her son is a fine fellow,
a breaker I think."
"A breaker you mean, and a fine
fellow. Well, here is my station—
good day, and Mr. Thayer still
thinks of that verb "break" and
the multiplicity of twistings and
turnings it received in that car."

Mr. Thayer and Miss Gertrude
Bondall will appear at the Faurot
next Wednesday in the beautiful
comedy drama, "Sweet Clover."

May Have Been Bad, but the Play of
That Name Is Moral, Kempel Tells
the W. C. T. U.

Akron, Ohio, March 31.—"Sapho"
is a moral play and is beneficial,
Mayor Kempel told a committee from
the W. C. T. U. today.
The committee asked the Mayor
to prevent the play from being put
on at the Unique Theater tonight by
a repertoire company, claiming that
it was indecent. The Mayor replied
that he had seen the play several
years ago, and received a strong
moral lesson from it. He ended by
advising the committee to attend the
performance.
Kempel asked Manager Phillon, of
the Unique, if the play had any ad-
ditional features, and, upon being as-
sured that it had not, stated that the
performance will be allowed to go on.

Sealed proposals will be received at the office of the Board of Education of the City of Lima, State of Ohio, until 12 o'clock noon of April 20, 1906, to be opened at 8 p. m. same date, for the purchase of the bonds of said City School District in the aggregate sum of twenty thousand (\$20,000) dollars. Dated April 20, 1906.

Said bonds are twenty in number, of one thousand (\$1,000) dollars each and are payable one each year, the first falling due April 30, 1908, and bear interest at the rate of five (5) per cent. per annum, payable semi-annually. Issued for the purpose of building a school house and under authority of Section 3591 of the Revised Statutes of Ohio as amended (97 Vol. Ohio Laws, page 358) and under and in accordance with a certain resolution of the Board of Education of the City of Lima, Ohio, passed on the 26th day of February, 1906.

Said bonds will be sold to the highest and best bidder for not less than par and accrued interest. All bidders must state the number of bonds bid for and the gross amount of bid and accrued interest to date of delivery. All bids to be accompanied with a certified check, payable to the Treasurer of the Board of Education of the City of Lima, Ohio, for \$1,000, upon condition that if the bid is accepted the bidder will receive and pay for such bonds as may be issued as above set forth within ten days from the time awarded. Said check to be retained by said Board of Education if said condition is not fulfilled.

The Board of Education reserve the right to reject any and all bids. Bids should be sealed and endorsed "Bids for School Bonds," and addressed to G. A. HERRETT, Clerk of Board of Education. Dated March 29, 1906.

NOTICE TO BUILDERS.

Proposals will be received by the Board of Public Service, Lima, Ohio until 12 o'clock (Noon) April 12, 1906, for the building of a brick addition to the Lima Water Works Pumping Station.

Plans can be seen at the office of J. A. Chapin, Architect, Holland Building, Lima, Ohio. A certified check of \$500.00 in favor of the clerk must accompany each bid and be retained by the bidder until the bid is opened and bond within five days from award.

The Board reserves the right to reject any or all bids.

Boxer Knocked Out In the Seventh Round In a Go

WITH GUS BENEZAH AT CINCINNATI LAST EVENING—INCIDENTS OF THE FIGHT.

Cincinnati, O., March 31.—In the seventh round of a bout scheduled to go twenty, Gus Benezah, of Cincinnati, knocked out Biz Mackey, of Findlay, last night in private. Left and right uppercut flush to the chin furnished an unexpected termination to one of the greatest exhibitions at straight rules ever witnessed. The fight took place near this city, and was witnessed by many Cincinnati-ans.

The boys weighed in around 120 pounds, but Benezah apparently had a slight advantage in height. Straight rules were decided upon, an arrangement that worked to every advantage for Benezah, who out-roughed his opponent in the in-fighting throughout.

Benezah was cared for by his brothers, Gene and Andy, while Mackey's interests were in charge of Con Riley, his manager, and Donovan and Griffith, two well-known boxers. The men entered the ring at 9:20 amid great cheers.

Mackey assumed his famous dancing attitude and, well out of range, stabbed Benezah repeatedly in the face with left jabs. Time after time he landed on the mark with vicious straight lefts, which his opponent seemed powerless to avoid, but Benezah was at no time distressed, and towards the last counted these blows as means towards getting into close range, in which he overhauled Benezah's favorite blows were vicious over-hand drives to the back and kidneys when in-fighting, gradually working up to Mackey's face before the call to break. As the result he had his opponent's back red and bruised while his body bore no mark.

Honors were even when they engaged for the seventh and final round. Mackey rushed Benezah around the ring with straight jabs flush along the jaw, and the men finally worked into a clinch, in which Benezah rained lefts and right over Mackey's kidneys. The referee was forced to break them, and just as he had forced his way between the fighters Benezah sprang to the side and uppercut fiercely to Mackey's chin. The Findlay man faltered, with his guard down, and Benezah, like a flash, went in a right uppercut to chin, nose and mouth. Mackey pitched forward and fell on his face. Blood poured from his nose and mouth and he was unable to rise after the count and had to be carried to his corner by his seconds.

BASE BALL NOTES.

(Ft. Wayne Sentinel.) Instructions were sent out this morning to Manager Jack Hardy advising him to report here a week from next Monday to be in readiness for the advance guard, which will be in two or three days later. The instructions were sent in response to a letter from him advising that he was ready to come at any time he needed.

His first duties will be to work out fifteen players who have been ordered to be here on April 12 so that a team can be picked to play the games scheduled with the Shamrocks on the 14th and 15th. The squad will include Spahr, catcher; McCalm, Granger, Gurney, Smith and Richio, pitchers; Suttles, Kennelly, Tooley, Bedur, Boyce and Ift, infielders, and Maggert, Brown, Lattimer and Nash, outfielders. Other players will be instructed to be here about April 18.

Manager Larry Lajoie, of the Cleveland team, insists on his men making a good appearance when they are off the field, and encourages them to keep on clean linen, shave regularly and have their clothes brushed often enough to keep them in good condition.

Louis O. ("Bull") Smith, the Wheeling outfielder, whose release has been disposed of to the Chicago National league ball club in exchange for Pitcher Schaub and Outfielder Miller, is a lawyer by profession, a university graduate, husband of a wealthy girl and is a little different from the ordinary run of professional ball tossers. Smith won fame while a student at West Virginia university, both on the diamond and football gridiron. His wonderful football progress gave him the cognomen of "Bull," by which Central league fannom knows him best. This winter Smith wedded a Clarksburg, W. Va., girl and

the wife's parents desire him to join the game. He refused to sign a Wheeling contract and intended, becoming his father-in-law's partner in the wholesale lumber business.

Wheeling News.—J. H. Swain, the decorated angular and rusty-headed snub artist, who a few years ago used to make the waltzers of the interstate league swish the air in an effort to land on his bendy, is in the city. He blew into town Wednesday and described his name on the register of the Bellevue. He has a proposition from the Wheeling management and may be a member of the local pitching staff during the coming season. Swain says he feels fine and jettie, having entirely recovered from the attack of malarial fever which took him out of the game two years "Cy" was getting into trim for the season at Pensacola, Fla., when he was stricken down with malaria and was incapacitated for playing for two years. He told the News reporter this morning however, that he was in as good condition for playing as he ever was in his life and that there was no doubt but that he had recovered his old-time strength and cunning.

Swain's home is in Washington, D. C., having taken up residence there since playing on the Washington National league team. Local fans remember Swain well. He took a place in the baseball firmament when he began putting 'em over for the Port Wayne team. He was also a member of the Wheeling team under Glasscock. If he is in anything like his old-time form he will add a tower of strength to the local pitching corps.

At Ft. Wayne to Have a Particle of Steel Removed From His Eye.

About three months ago Willard Gallant had the misfortune to be struck in the left eye with a particle of steel. After a day or two he resumed work, continuing until last Saturday night, when he was compelled to quit, the injury having greatly affected the sight of the eye. Mr. Gallant is now in a Ft. Wayne hospital where the particle of steel will be removed by surgery. It is possible the operation will destroy the sight of the eye, but his many friends hope this may be avoided.

MILLIONS OF CIGARS ARE MADE

In District Presided Over by Collector Waldorf.

SOME AMAZING FIGURES IN ANNUAL STATEMENT OF THE TOLEDO REVENUE OFFICE.

Do you smoke? Whether you do or not, it will be of interest to know that there are more smokers in northwestern Ohio than there were a year ago, for the records in the United States internal revenue office show that the factories in the tenth district, over which Colonel George P. Waldorf, as collector, has supervision, made 7,967,748 more cigars during the year ended December 31, 1905, than the previous year.

The output of the tenth district is considered remarkable by federal authorities. Last year 100,441,126 cigars were made, on which the local office collected revenue aggregating \$300,111.39. The year before, ended December 31, 1904, the output was 92,973,368, on which revenue of \$278,920.10 was collected. In 1903 \$250,433.46 went to the coffers of Uncle Sam for 83,477,822 cigars manufactured in the tenth district. In

WORK WILL BE BEGUN MONDAY

Construction of the
Lima-Eastern
Traction

Line Assured—A Large
Force of Men Will
Be Employed.

Cars Will Be Running Between Marion and Lima By January 1, 1907
—Officials Say the Requirement Will Be Met.

(Marion Star.)

The officials of the Lima-Eastern Interurban Railway company announce that in accordance with the requirements of the franchise granted by the local council, the work of constructing the proposed line will be started Monday morning in the north end of the city. The franchise provides that the work of construction must be started by April 1. About forty teams and wagons have been engaged to help in the work between here and Scott Town.

In order that the new company may begin work at the required time the city council must approve plans of the tracks, switches and turn-outs to be constructed on the local streets.

A special meeting of the city council will be held either tonight or Saturday night to look over the blueprints, which are completed and ready for inspection.

The promoters of the Lima-Eastern declare that it is now almost certain that the road will be pushed through to completion. They have rented the building at No. 146 north Main street, now being used for a livery business conducted by Heath Garberson and will make that place the company's headquarters here. While the road is in the

construction, this building will be used for storing equipment. Later it will be fitted up for a passenger and freight depot. The company has secured the services of Colonel T. C. Bowen, who will act as supervising engineer in the construction work.

Garberson's livery business will be closed Saturday, when all of the horses and carriages will be disposed of at public sale.

The franchise granted by the local council provides that cars must be running between here and Lima by January 1, 1907. The officials of the company say that this requirement will be met.

It is probable that squads of men will be placed at work at several points along the proposed route.
